Enrolment:

The school was reopened for this academic year on 25-05-2022 with the strength of 571 students. 39 students of class X are going to leave us after completing X board examination which will be held in this month.

Academics

This year has been truly rewarding year- each day having its own spice and flavor, to savour. In March 2022, 40 students of grade 10 appeared for the All India Secondary Schools Examination (AISSE), which was conducted by CBSE-New Delhi and all the students passed with good grade. 11 out of 40 students secured more than 90 percent of marks. 21 students passed with

distinction and 15 students passed with first class in standard X board exam.

From past eight years our school has produced 100% result in Standard X board exam. This was possible because of the continuous efforts put by the dedicated staff and by taking extra classes and other remedial measures to improve them. It's a matter of great importance to us that the students who pass out from our portals, should carry forward the values they have inherited, excel in whatever they do and be the role models in the society.

Information and Communication Technology

Keeping ourselves up with the pace of the modern world, this year management has sanctioned Rs. 60,000/- for high speed internet connections with campus Wi-Fi facility to principal's office, general office and computer lab which has helped the students to upgrade our students in the field of information and communication technology. The management has sanctioned Rs. 3 Lakhs for installation of High Definition CCTV cameras with audio for all the classes from Pre-KG to STD X, staff rooms, corridors and etc. The work will start from Monday onwards.

Last academic year management had sanctioned 3 more smart class boards worth Rs. 6 lakhs along with existing one.
